

Infinity Fiber offers a complete line of MTP/MPO, (Multi-fiber Push-on), fiber optic cable assemblies with an emphasis on quality and value. MTP is a registered trademark of a high performance MPO brand designed by US Conec. All of Infinity Fiber's MPO cables are made with US Conec MTP connectors.

MTP/MPO

The compact design of the MTP allows high-density connections between network equipment.

Infinity Fiber offers MTP trunk assemblies for such applications ranging from 12 strand to 144 strand in Single mode APC, OM4, OM3 and 62.5u.

Infinity Fiber also offers 24F ferrule MTP's which have the same footprint as a 12F MTP but allows for 24 connections, utilizing the same space for super high-density applications. All MTP's are available in Male (pins) and Female (without pins) in Method A, B or C polarity configurations.

Infinity Fiber's cables are **Made in the USA.**

All cables are backed by a 100% guarantee to meet or exceed current industry standards.
